Banyan Lantern Technologies Pvt. Ltd.

Purchase Policy

1. Purpose

This policy sets out how the company buys laptops, software licences, cloud services and other goods and services for client projects, and who approves each purchase.

2. Purchase requests

A Project Manager raises a purchase request with the item, the client project, the estimated cost in Indian rupees excluding GST, and the business reason. The Head of Delivery confirms the project need before the request goes for approval.

3. Approval levels

Estimated cost (excluding GST)	Approval required
Up to Rs. 50,000/-	Head of Delivery approval
Above Rs. 50,000/- up to Rs. 5,00,000/-	Head of Delivery approval + Finance Controller approval
Above Rs. 5,00,000/-	Head of Delivery approval + Finance Controller approval + Chief Financial Officer approval

4. Quotations and purchase orders

Approved purchase requests are sent to IT & Administration. For purchases above Rs. 50,000/- the IT Executive obtains three written quotations from registered vendors. The Administration Manager selects the vendor and issues the purchase order.

5. Vendor invoices

IT & Administration forwards each vendor's GST invoice to Finance. The Accounts Executive matches the invoice to the purchase order and pays the vendor within 30 days. Invoices above Rs. 2,00,000/- also need Finance Controller approval before payment.
