NovaGear Inc.

Procurement and Payment Procedures

1. Purpose

These procedures cover the steps after a purchase request is approved: vendor quotes, purchase orders, and supplier payment.

2. Vendor Quotes

Procurement obtains vendor quotes for every approved purchase request before placing an order. The number of quotes depends on the estimated cost.

Estimated Cost	Vendor Quotes Required
Below USD 1,000	One vendor quote
USD 1,000 - USD 5,000	Two vendor quotes
Above USD 5,000	Three vendor quotes

3. Purchase Orders

The Procurement Manager approves every purchase order before it is sent to the vendor. Once the order is placed, Procurement sends the supplier invoice to Finance for payment.

4. Supplier Payment

The Accountant matches each supplier invoice to its purchase order before payment.

Payment Amount	Required Approval
Up to USD 10,000	Finance Manager approval
Above USD 10,000	Finance Manager approval + CEO approval
